The San Joaquin Section of CASCWA is proud to again partner with the Stanislaus County Office of Education to bring you this years SARB, **attendance & positive school climate training**. Together will be working with the top legal firms, educators, and experts in the Central Valley, State, & Nation to provide the best information regarding programs, policies (regular education & special education/504), and procedures to increase student attendance, run effective SARB's, reduce chronic absenteeism, establish effective PBIS practices, and address school climate & equity issues. This training will support your ability to meet your established LCAP target goals, strengthen your MTSS teams, and support your high risk students including foster, homeless, special education student, socio economic disadvantages, and other at risk sub groups.
