

## CASCWA 2022 Delta Sierra Section Service Award

### Lisa Sanchez

Lisa Sanchez is a one of the most active executive board members in all of CASCWA!

Lisa was an important member of the 2023 Conference Committee. She took on the registration responsibilities for the 2022 CASCWA State Conference. This requires a high level of computer skills, especially in Excel. It also requires exceptional people skills and precision inputting. She exceeded expectations and it is unbelievable how she remains so up-beat and positive in all interactions. Much of the success of this great state conference was the result of Lisa's tireless work.

This past year, Lisa took over as CASCWA's State Membership chairperson. The position was in transition requiring a focus on the membership letters and renewal process. She stepped in and wasted no time addressing several serious issues. Her efforts have been successful and CASCWA will reap the benefits of her solid efforts for years to come.

Lisa is well known in the Woodland Joint Unified School District. She works closely with the students and parents at Cache Creek High School in the City of Yolo. They know that they can always count on Lisa.

For everyone who knows Lisa, this award put a big smile on their faces. Congratulation Lisa! You have truly earned this recognition!
